will participate in **METALEX VIETNAM 2019**.

Metalworking Rising with Innovations

Innovative machine tools, precision engineering, and metalworking technologies could launch new levels of production;

ones which over 10,000 industrialists from a diverse range of industries will discover from over 500 brands from 25 countries at METALEX Vietnam.

The annual meeting point will feature the latest innovations, both technologies and solutions.

Production will be upgraded. Business growth will be achieved through unprecedented ideas and collaborative partnerships possible via concurrent seminars and networking opportunities at METALEX Vietnam.

We will exhibit various finished products and our pad printing, hot stamp, dry offset accessories and techniques for them in our booth.

And also, Safety Cleaning Liquid made from plants will be exhibited. It can be instead of solvent which is bad for your health and the environment.

We are sincerely looking forward to your visiting our booth!
